Volusia County  
Economic Development  
Fourth Quarter 2020 Update:  
February 2021

**Introduction by County Chair, Jeff Brower**

**The Volusia County Council is pleased to present the most recent economic indicators that impact our county. We trust this information will be of value to you in your day-to-day business planning.**

**Economic Development is a “team sport” in Volusia County. It is essential that public and private sectors work arm-in-arm as we seek to promote economic prosperity in our community.**

**Since the first quarter of 2008, the county’s Economic Development Division has hosted an economic update breakfast that we call our “Q” meetings. As we all work together to achieve our economic objectives, it’s essential that we understand the economic indicators that influence our decisions.**

**The purpose of the “Q” briefings is to share this information with business leaders and decision-makers to enhance awareness of important economic facts.**

**The “Q” briefings are also an opportunity to network, share ideas, and build relationships. While the COVID-19 pandemic has paused these in-person events, we hope to have “Q” meetings back soon.**

**The Economic Development Division has other economic data that is available to you. Please do not hesitate to seek our assistance.**

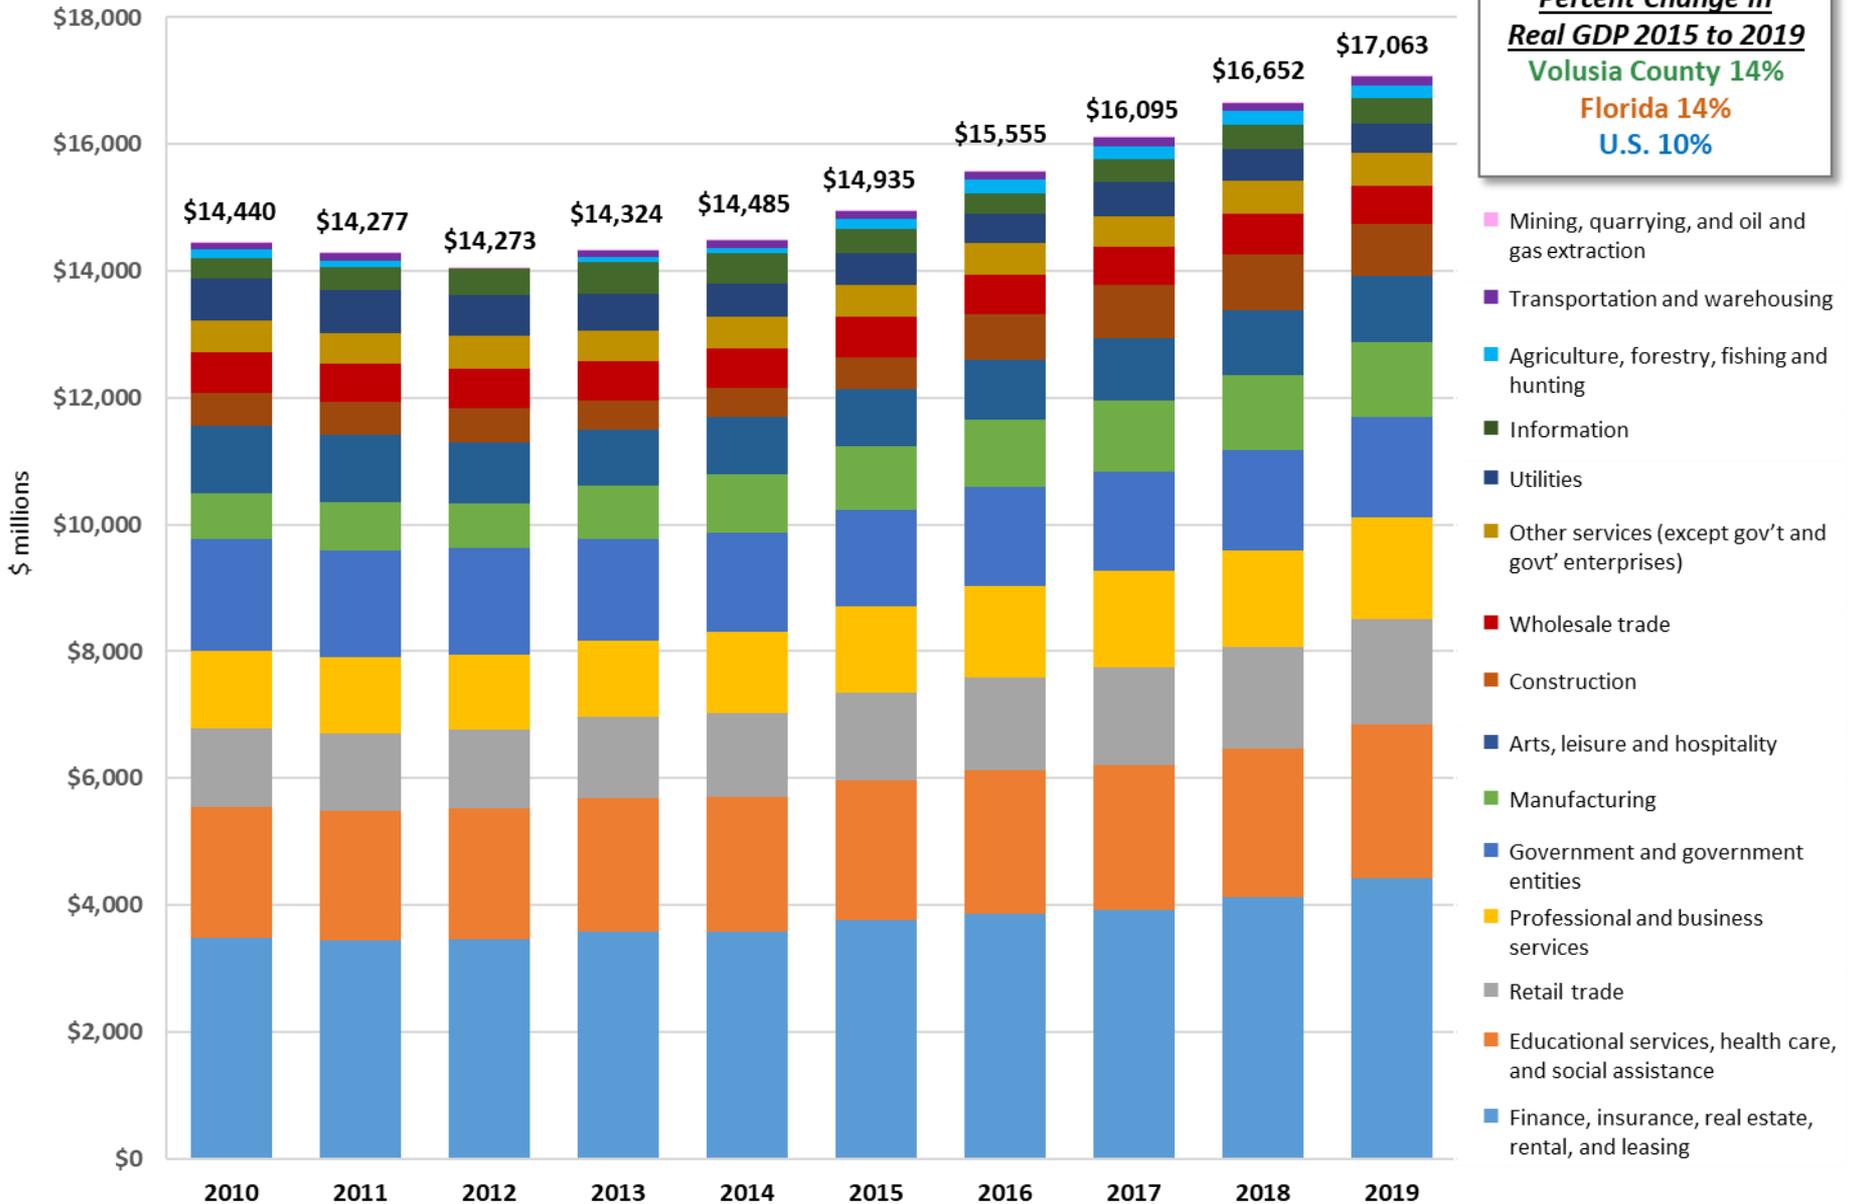

**We welcome your input and participation in these “Q” briefings.**
